

**DEPARTMENT OF BASIC SCIENCE  
AND HUMANITIES**

**YEAR & SEMESTER: I-I**

**ACADEMIC YEAR: 2023-24**

**INNOVATIVE PROJECT ABSTRACT**

Subject:	English		
Title of the Project	Designing a test to check the intensity of Grammar for under graduate students		
Student Details	Sl.no	Roll.no	Name of the Student
	01	23891A1013	Kavya Kotha
	02	23891A1014	Manoj Hingmire
	03	23891A1015	Gnaneshwari Maragoni
	04	23891A1016	Meghana Maragoni
Guide Name	Ms. G Saritha Reddy, Asst. professor of English at Department of Basic Science and Humanities.		

This website is designed to provide users with a comprehensive and interactive platform for mastering English grammar. With a focus on user engagement and personalized learning experiences, the platform offers a range of features aimed at improving language skills, practicing grammar rules, and preparing for exams.

The home page welcomes visitors with an introduction to the website, detailing its purpose and benefits. Users can explore the world of English grammar through interactive quizzes and tests, allowing them to track their progress and performance over time.

The registration page enables users to create an account and access to the personalized features. Users can take a test upon successful registration.

Topics related to English grammar are presented on a dedicated page, offering clickable subtopics for further exploration. Users without registration are prompted to sign up to take advantage of the platform's testing features.

Upon registration, users can delve into multiple-choice questions (MCQs) tailored to specific subtopics. The questions are shuffled to provide a unique experience for each user. User can answer this questions within 30 seconds.

## Abstract

The user page displays detailed information for registered users, allowing them to track their progress and achievements. For those not registered, a friendly message encourages them to sign up for a personalized learning experience.

The logout page provides a seamless experience for registered users to log out, ensuring the secure handling of user details. Users who aren't registered are informed of their status and encouraged to explore the benefits of registration.

In summary, this website aims to create an engaging and educational environment for users looking to enhance their English grammar skills. By combining informative content, interactive quizzes, and user-friendly features, the platform seeks to empower learners on their journey to language excellence.
